\$\$\$ Fundraising Options \$\$\$

Option #1: Admission Passes

First, decide on a date and time that best meets your needs, Then print and sell as many passes to this session as you like (up to 200). Your organization sets the price! On the day of the event, your organization will be charged \$6.00 per pass redeemed: you keep the rest!! Example: You print and sell 100 passes for \$10 each. 80 people redeem their passes that session. You've just raised \$320 for your organization

Option #2: Discount Coupon for Public Session

First, decide on a date and time that best fits your needs. Then make and hand out coupons for the event. Let everyone know that their coupon will get them \$1.00 off the price of admission; plus their group will receive \$2.00 for each coupon collected. At the end of the session Mountain View Ice Arena will count the coupons collected, and we will mail out a check to your organization for the total amount due!

Option #3: Private Ice Fundraiser

First, find out from the Arena Manager what days and hours are available for renting the ice. Then, from the available dates choose a date and time for the event. Next rent the ice for 1, 2, or 3 hours, (Currently the price per hour is \$350.00 plus \$2.25 for each skate rental). Once the arena is rented, your organization sets the price for each ticket and then sells the tickets for the event. Although this does require money up front, this fundraiser can generate \$200 to \$1000 in profit!!

Please note that all fundraisers **MUST** be scheduled in advance with the Arena Manager. We will assist you in designing coupons, passes, and flyers. No passes can be sold on arena property on the day of your event. Thank you and have a nICE day!
